

## AMENITIES

Urbane trendsetters get to stay connected all the time as M Place has WiFi zones and 100% backup power for all common areas. Daily workouts can be done at the swimming pools, jogging paths, and fitness stations that are ideal for yoga and pilates sessions.

## SETTING THE TREND

### M PLACE SOUTH TRIANGLE IS YOUR GATEWAY TO INDEPENDENCE AND ALL THINGS HIP AND IN-THE-NOW

A high-rise four-tower mixed-use residential condominium, M Place can be found at the heart of South Triangle in Quezon City. It's the ideal address for trendsetters as it is set within a vibrant creative community — the "Media City" of ABS-CBN and GMA networks. Residents will definitely relish the easy access to the district's most sought-after restaurants, bars, and entertainment centers, as well as various health and wellness centers. Educational, financial, and commercial centers are also very accessible. Meanwhile, the ground floor of M Place is dedicated to a commercial complex — M Place Mall — that features a host of retail and service shops for residents' convenience.
